LP-SM8H PRODUCT GUIDE

LP-SM8H Surface Mount Male Screw Fix – 10kg

The LP-SM8H adds a mid-range option to the Low Profile Range. With a 10kg pull out load, the clip is designed for use with plywood or MDF panels that are between 9-16mm thick, or aluminium honeycomb panels, and is compatible with the LP-F8, LP-DF8 or LP-AF8A. The surface mount clip installs easily with 3 x countersink #6 screws, removing the need for special tools for installation. Ideal for large panels with limited panel depth. Refer to Panel Offset Guide for gap between substrate and panel, pull out and shear loads. Note: Minimum 13mm thick drywall to be used with LP-DF8 when using LP-SM8H on panels.
