

TEXTILE TC RANGE

TC-F6H & TC-SM6S INSTALLATION GUIDE

TC-F6H & TC-SM6S Textile Clip Range

TC-F6H

TC-SM6S

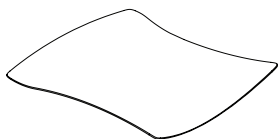

USE WITH:

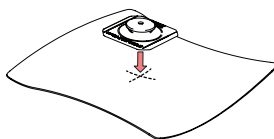

Upholstery sewing machine using standard foot, size 110/18 needle and V92 thread.

INSTALLATION STEPS

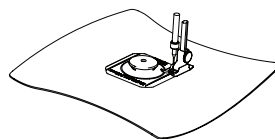

- 1 Cut fabric to shape.

- 2 Mark location of TC-SM6S and position clip about 70mm away from edge.

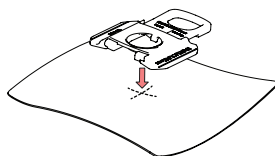

- 3 Sew TC-SM6S to fabric using 110/18 needle and V92 size thread along stitch groove.

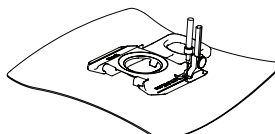

- 4 Cut cushion fabric to shape

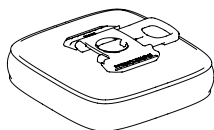

- 5 Mark location of TC-F6H and position clip about 70mm away from cushion edge

- 6 Sew TC-F6H to fabric using 110/18 needle and V92 size thread along stitch groove.

- 7 Complete construction of cushion

- 8 To lock cushion into place, align clips. To engage, slide lock away from cushion edge, to disengage, pull lock towards edge of cushion.
