Architectural
Catalogue 2025

Perfect alignment. Flawless finish.

WALLS - CEILINGS - HIDDEN FASTENERS

FASTMOUNT
PANEL MOUNTING SOLUTIONS

Precision and simplicity for complex designs

Fastmount offers innovative solutions for attaching architectural wall and ceiling panels, ensuring easy and precise installation. We help address the challenges often encountered with traditional systems like Z-clips and French cleats, especially when dealing with complex geometries and shapes.

Fastmount provides contractors and fabricators with solutions that reduce rework time and enable easy and precise alignment of panels, creating measurable efficiencies during installation while delivering higher levels of design integrity. Additionally, the use of Fastmount eliminates the gap on top of wall panels for improved aesthetics.

With Fastmount you can access panels in the middle of runs without the need to remove adjacent panels, allowing easy removal and repair of damaged panels, or access within sub-wall locations. This allows for total replacement of finishes without significant disruption to existing sub-wall conditions. Ideal for high-traffic areas or environments where finish updates and upgrade are required, Fastmount provides tangible sustainability benefits to interior finish upgrades or replacements.

Compatible with CNC machining and featuring a proprietary rail system that can be pre-assembled offsite, Fastmount allows installers to do more prep off-site, reducing time on-site and increasing efficiencies. Alternatively, Fastmount center points and versatile product ranges allow for easy alignment in the field.
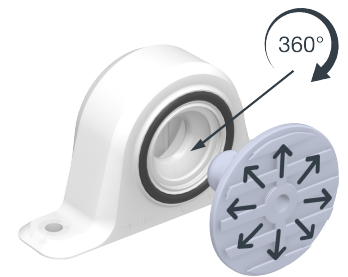

From high end commercial fit outs to retail and hospitality refurbishments, our innovative mounting solutions allow you to bring your most ambitious designs to life.

BENEFITS

- Reduced rework and improved installation efficiency
- Perfect alignment of panels
- Eliminates the gap on top of panels
- Accessible panels for maintenance/repair
- Easy upgrade or replacement of panels (sustainability)

APPLICATIONS

- Walls and ceilings
- Panel walls & ceilings with complex geometries and shapes
- New build, refit and upgrades

360°

8MM (3/8")
ADJUSTABILITY IN ALL DIRECTIONS

Reduce rework

Improve Installation Efficiency

Perfect Alignment

Eliminate Gap on Top of Panels

Panels of complex geometries

Precise alignment for intricate architectural designs with hidden fastening.

Panel mounting solution:
PC-SF1 - substrate & **PC-M2H** - panel

Large decorative panels

Easy and secure installation method, easily installed in irregular walls and surfaces while keeping perfect panel alignment.

Panel mounting solution:
SL-FB1 & SLRLE - substrate & **SL-M18** - panel

Suspended ceilings

Fastmount's proprietary rail system allows preassembly offsite, reducing installation time.
It enables easy removal of ceiling panels for access of ceiling void for maintenance of electrical wiring, plumbing, HVAC ducts, and other infrastructure elements, while holding panels securely.
Our Panelsafe system is also available for extra safety.

Panel mounting solution:
SL-FA, SL-C-WW90 & SL-RLE - substrate & **SL-M18** - panel
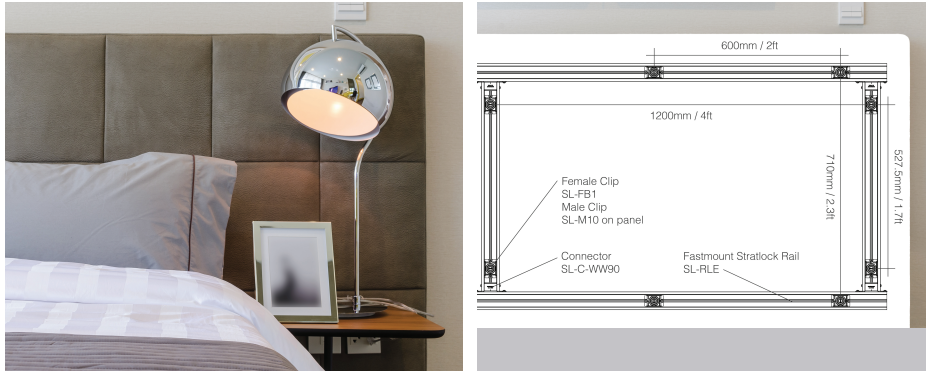

Feature walls

Transform spaces with perfectly aligned decorative elements, including integration of LED lights and precise panel gap control.

Panel mounting solution:
SL-FB1, SL-C-WW90 & SL-RLE - substrate & **SL-M10** - panel

Headboard/walls

Elegant solutions for hospitality and residential applications with hidden fixings that allow easy maintenance and upgrades.

600mm / 2ft
1200mm / 4ft
710mm / 2.3ft
527.5mm / 1.7ft

Female Clip
SL-FB1
Male Clip
SL-M10 on panel

Connector
SL-C-WW90

Fastmount Stratlock Rail
SL-RLE

Panel mounting solution:
SL-FB1, SL-RLE & SL-C-WW90 - substrate & **SL-M10** - panel

Panels on stand-off wall

Create standoff walls, enabling easy access to behind panels service systems. Ideal for patient headwall units.

Panel mounting solution:
SL-FB1, SL-RLE & SL-WW90 - substrate & **SL-M10** - panel

STRATLOCK SL RANGE

Recommended for walls and ceilings.
SL-FA, SL-FB1, SL-FC, SL-SFA and **SL-M18** also available in fire rated versions.

CLIP SYSTEM

SL-FA
STRATLOCK FEMALE SIDE MOUNT CLIP

SL-FB1
STRATLOCK FEMALE FRONT MOUNT CLIP

SL-M10
STRATLOCK MALE CLIP 10KG / 22LB

SL-SFA
FEMALE SIDE MOUNT CLIP FOR TIMBER FRAMEWORK

SL-SMT1
STRATLOCK SIDE MOUNT

SL-M18
STRATLOCK MALE CLIP 18KG / 40LB

SL-FC
STRATLOCK FEMALE FLUSH MOUNT CLIP

CP-01ST
STANDARD RANGE CENTRE POINT
Standard Profile Centre Point with stainless steel tip to mark hole centre for correct clip alignment.

RAIL SYSTEM

SL-C-WW90-FR
STRATLOCK PLASTIC 90° CONNECTOR

SL-C-WC90-FR
STRATLOCK PLASTIC WALL TO CEILING, WALL TO WALL CONNECTOR

SL-RCF90
STRATLOCK 90° RAIL CONNECTOR

SL-RLE
STRATLOCK RAIL EXTRUSION

SL-RCAB180 WALL TO WALL ADJUSTABLE CONNECTOR FOR STRATLOCK RAIL

VERY LOW PROFILE VL RANGE

Recommended for small wall panels.
VL-F3H and **VL-M3H** clips also available in fire rated versions.

VL-M3
VERY LOW PROFILE MALE CLIP 5KG / 11LB

VL-M3H
VERY LOW PROFILE HEAVY DUTY MALE CLIP 10KG / 22LB

VL-M3X
VERY LOW PROFILE EXTRA HEAVY DUTY 25KG / 55LB

VL-F3
VERY LOW PROFILE FEMALE CLIP

VL-F3H
VERY LOW PROFILE HEAVY DUTY FEMALE CLIP

VL-CP3
VERY LOW PROFILE CENTRE POINT
Very Low Profile Centre Point with stainless steel tip to mark hole centre for correct clip alignment.

STANDARD PC RANGE

Recommended for small wall panels and small ceiling panels.

PC-M1B
STANDARD CLIP, SELF TAPPING
MALE 5KG (11LB)

PC-M2H
STANDARD CLIP, SELF TAPPING MALE HEAVY DUTY 10KG (22LBS)

PC-VM1
STANDARD CLIP, VARIO SELF TAPPING
MALE 5KG (11LB)

PC-VMX
STANDARD CLIP, VARIO SELF TAPPING MALE EXTRA HEAVY DUTY 15KG/33LB

PC-SVMX
STANDARD CLIP, VARIO SELF TAPPING SURFACE MOUNT MALE EXTRA HEAVY DUTY

PC-SM2
STANDARD CLIP, SURFACE MOUNT
MALE 5KG (11LB)

PC-SM2H
STANDARD CLIP, SURFACE MOUNT MALE HEAVY DUTY 10KG

PC-F1A
STANDARD CLIP, SELF TAPPING FEMALE

PC-DC1
STANDARD CLIP, CONCRETE ANCHOR FOR PC-F1A

PC-SF1
STANDARD CLIP, SURFACE MOUNT FEMALE

CP-01ST
STANDARD RANGE CENTRE POINT
Standard Profile Centre Point with stainless steel tip to mark hole centre for correct clip alignment.

The products listed above are our recommendations for architectural applications.

FASTMOUNT

PANEL MOUNTING SOLUTIONS

Our mission is to enable the creation of beautiful, elegant and functional design finishes for panels and furniture by simplifying the processes of installation, usage and removal of surfaces. Fastmount panel mounting solutions ensure a perfect alignment and flawless finish, every time.

20 years experience, 130 million clips sold, global distribution network in 50 countries.

For more information about our product ranges, use cases and technical documents, please visit our website.
